OFFICE OF LEGISLATIVE COUNSEL

Tuesday - 7 April 1964

25X1 1. [] Was advised by Senator Thomas J. Dodd's
office that, by long distance telephone from London, the Senator had
25X1 authorized the transmission of the note to Chairman Eastland recommending
the issuance of a statement by the Internal Security Subcommittee on the
[] case and a copy of that note has been obtained from the
Senator's office.

2. (Unclassified - CLC) Talked again with Dr. Martin Sweig,
Secretary to Speaker McCormack, and told him that we had given Dr.
James Sheldon a final negative to the request which he had made. (The
details of Dr. Sheldon's conversation with us had never been discussed
with Sweig.) I advised him that the original determination had been
considered at the highest level and it had been determined that there was
no new basis for changing that determination. I advised Sweig that on the
basis of the Speaker's request our review of this determination had been
extensive and complete and we wished him to know that while we were not
in a position to advise Dr. Sheldon of all of the reasons of this determination
that it had been made at the highest level. I made it clear that we had
dealt with Dr. Sheldon directly in this matter solely because of the Speaker's
request to us and as he was aware, every consideration was given. Dr.
Sweig agreed and said that they could ask for nothing more.

25X1 3. [] At the request of Representative Henry C.
Schadeberg, I handcarried to Mrs. Ojertson a copy of the Agency paper
"Soviet Economic Problems Multiply" and several unclassified ORR
25X1 studies on Soviet manpower and industrial development.

4. [] Delivered to the House Immigration
Subcommittee an unclassified report on []
